EDUCATION

Ospyn Technologies — Engineer UX

Trivandrum, Kerala | Apr 2025 — Present

- Led the design and implementation of a scalable design system for a complex banking platform, resulting in a **60% reduction in UI design time and 50% fewer design-to-development communication** loops.
- Reduced UI inconsistencies across 50+ screens by conducting a comprehensive UI audit and building a reusable Figma component library, which achieved a **90% design-development consistency rate and enabled faster onboarding** for new team members.

Ospyn Technologies — Associate Engineer - UX

Trivandrum, Kerala | Apr 2024 — Mar 2025

- Designed and launched a new web portal to digitize trade finance documentation, collaborating with Product Managers, Business Analysts and Developers to streamline the user experience. This led to a **50% reduction in manual data entry tasks and an 85% reduction in document processing time** through AI-powered solutions.

Freelance — UI/UX & Graphic Designer

Remote | Oct 2023 — Mar 2024

- Led the design and implementation of a scalable design system for a complex banking platform, resulting in a 60% reduction in UI design time and 50% fewer design-to-development communication loops.

Ed-Gaadi Private Ltd. — UI/UX Designer

Trivandrum, Kerala | Aug 2022 — Oct 2023

- Redesigned a video-based learning app based on student feedback, which resulted in learners **completing tasks 25% faster and reduced learning time by 20%** through improved content discovery and summarized notes.

PROJECTS

Volunteer Management App

- Led design of mobile and smart-cart omnichannel conversational AI, providing personalized guidance at home and in-store, projected to reduce customer support needs by 28%.
