WORK EXPERIENCE

Ospyn Technologies — Engineer UX

Trivandrum, Kerala | Apr 2025 — Present

- Designed and developed scalable UI mockups across core Healthcare ERP modules (HR, Lab Management, and Multi-Master), which streamlined employee management and data tracking. This resulted in an estimated **25% reduction in workflow completion time and a 15% decrease in data entry errors** by standardizing interfaces and implementing role-based access.
- Led the design and implementation of the organization's first scalable design system, **reducing UI design time by 60% and cutting design-to-development communication loops by 50%** & storing ready-to-use code in Storybook.

Ospyn Technologies — Associate Engineer - UX

Trivandrum, Kerala | Apr 2024 — Mar 2025

- Collaborated with cross-functional teams - Business Analysts, Product Managers & Developers to design and launch a new trade finance web portal, **reducing manual data entry by 50% and cutting document processing time by 85%** via AI-powered solutions.

Freelance — UI/UX & Graphic Designer

Remote | Oct 2023 — Present

- Led and mentored a cross-functional team of designers and developers on various projects, including a Talent Acquisition Site and a Volunteer Management App, resulting in **successful launches that met key business and user goals**.

Ed-Gaadi Private Ltd. — UI/UX Designer

Trivandrum, Kerala | Aug 2022 — Oct 2023

- Redesigned a video-based learning app based on student feedback, which resulted in learners **completing tasks 25% faster and reduced learning time by 20%** through improved content discovery and summarized notes.

PROJECTS

Volunteer Management App

- Designed and launched a mobile-first Volunteer Management App, **improving scheduling efficiency by 60% and saving coordinators over 3 hours weekly** by replacing scattered manual processes.
